

Dear Neighbor,

I want to bring you up to date on initiatives and legislative accomplishments from the recently concluded special sessions. You will find this information summarized in my accompanying newsletter, and I hope that you will take a moment to read through it.

In recent years, the work of the General Assembly has not been limited to the constitutionally established regular session. Much work is accomplished during special sessions. Indeed, I believe that the public interest would be better served if the General Assembly had regular legislative sessions not only in the Winter/Spring, but also in the Fall. There is much unfinished business such as property tax reform and reasonable restrictions on the government's taking of private property by eminent domain that need to be addressed.

I look forward to discussing these and other issues with you.

Sincerely,

Edward Meyer  
State Senator, 12th District

## 2005 SPECIAL SESSIONS

Although the 2005 regular legislative session ended in June, we met in special sessions through the fall to target critical issues affecting healthcare coverage, energy and public safety. We passed legislation on the following issues:

### **Healthcare Benefits: ConnPACE and Medicare Part D**

Many seniors who take advantage of Connecticut's excellent prescription drug program, ConnPACE, and certain Medicaid recipients are concerned about coverage gaps now that Medicare Part D has taken effect. Recently passed legislation ensures that these individuals will continue to receive comprehensive coverage at no additional cost. The CHOICES Program provides information and can answer questions about changes to Medicare Part D. The program's toll-free phone number is **1-800-994-9422**.

### **Energy Assistance**

With record energy prices expected this winter, a bill was approved to help low- and moderate-income families cope with rising costs of energy. The energy assistance bill: 1) increases benefits for eligible households; 2) provides new funding under the Contingency Heating Assistance Program; and 3) applies a sales tax exemption from November 25, 2005–April 1, 2006 on certain weatherization products, including furnaces. For more information, contact the Department of Social Services at **1-800-842-1132**.

### **HUSKY for Children**

It was imperative that the General Assembly take action once the Department of Social Services announced that 2,200 children would lose coverage from the HUSKY health insurance program because their families could not afford the increase in premiums. The bill we passed restored funding to the state budget, thereby preventing higher premiums from taking effect.

### **Campaign Finance Reform**

I am proud to report to you that we recently enacted landmark campaign finance reform legislation that is regarded as the strongest in the country. The new act provides for public financing of campaigns at the state level beginning with the 2008 election for legislative offices and the 2010 election for statewide elected offices. This act bans lobbyist and state contractor contributions to candidates for state offices and will severely limit the influence of special interests.
